*We serve internationals and partner with them to make Christ known throughout the nations.*

Xing arrived in the USA in the fall of 2008 as a non-Christian. She now has a ministry in her homeland, China. God used International Friendship (IFI) volunteers and staff to bring her the gospel and training in ministry. A volunteer picked her up at the airport and gave her a place to stay. She stayed connected to the volunteer and got involved with an IFI Bible study. Eventually she came to Christ and was discipled in her new faith. Quickly, God began using her to reach family and friends with the gospel in her homeland through Skype, e-mail and phone.

She eventually became an IFI intern to be trained to reach her homeland. She's now involved in a house church, growing in her faith and sharing the gospel with others. This is just one example of God's great work through IFI volunteers and staff.
