

Lower Lights Community Health Center (LLCHC)

Ministering the love of Christ as a model, full service medical home, focusing on whole-person wellness; available to all in Central Ohio, regardless of ability to pay.

LLCHC's success lies within the stories of the lives that are changed every day. Here are a few:

- A 44-year-old single mom, with two college degrees, lost her job and insurance. Her diabetes was out of control because she could not afford her medications. Through our charitable pharmacy and our financial counselor, we got her the medications and got her signed up for insurance.
- A middle-aged, hardworking man came to us in 2011. He did not have health insurance. He was able to get the medical care he needed at LLCHC. Later, he developed lung cancer which had spread to his brain. LLCHC helped him navigate the health care system and gave support to his oncology plan while incorporating social services and spiritual care support. This is a great example of how important the primary care provider/patient relationship is in whole-person care.
- A patient in our new dental office started to cry while being treated by our dentist, not because he was in pain, but because he was so thrilled that after 25 years, he finally had access to dental care.

These stories are just a small sample of the impact LLCHC makes through each of our five health centers and 38,000 patient visits on average per year. LLCHC is making a difference in the lives of the people across Central Ohio as we strive to transform the health of our community.

LLCHC offers dental services in our on-site dental office.

Please pray for

- *LLCHC to continue to grow services across our sites to serve 15,000 patients by 2017.*
- *LLCHC to be able to bring the right staff to our centers.*
- *The completion of the entire building at 1160 W. Broad Street with many services, such as a nonprofit grocery, a day resource center, a hair salon and other services.*
