

ReNew Partnerships

A Christian non-profit organization that provides biblical, multi-ethnic training resources for Christian leaders.

Creating dynamic, multi-ethnic organizations is biblical, strategic, rewarding... and very challenging. There are many spiritual, theological, cultural, historical, sociological, and socio-economical issues (to name a few) that can make it a very difficult. Many well-intentioned Christians and organizations discover the obstacles and decide that it is not worth the risks and sacrifices. But, an increasing number of Christians are not giving up. They see the damage our ethnic divisions cause to our lives, our ministries, and our witness to the world and decide to push on. We come alongside these individuals and organizations and provide them with the encouragement, coaching, and resources they need to be successful with their journey.

Each year ReNew Partnerships helps thousands of Christian leaders around the country to build a more ethnically-unified church that can transform the world with Christ's love. We provide innovative multi-ethnic training resources for some of the nation's most influential churches, universities, and ministries.

For more information about training resources and to subscribe to the newsletter, sign up at www.renewpartnerships.org/register.

Chad Brennan and the ReNew staff provide Bible-based, multi-ethnic training for thousands of Christians each year.

Please pray for

- *Wisdom and discernment in how to use our time and resources to have the maximum impact in the Body of Christ.*
- *The leaders and organizations to be successful with their efforts to build healthy, biblical, multi-ethnic organizations that can effectively impact our society.*
- *Safe and productive travels with our visits to organizations around the country.*
