

## *Serving Our Neighbors (SON) Ministries*

*To mobilize the community of Hilliard, to build relationships across social, racial, and class barriers, to partner with children and families in poverty thereby demonstrating the love of God.*

SON Ministries is helping people, in Hilliard, find hope amidst their poverty.

A thank you received from a mother whose life was touched by SON Ministries: "Through the Hilliard Free Lunch program of SON Ministries, my children have benefitted in many ways. They have been given free breakfast and lunch daily, which is a wonderful help to our family. The children have also been allowed to participate in many learning activities which they have really enjoyed. They love going to the lunch program and being a part of that experience."

"In addition to this wonderful program, the people of SON Ministries have gone out of their way to help me and my family. They have allowed me to participate in the English class, which has greatly helped me develop my English language skills. They have told me about many other valuable free services such as dentists and doctors and other resources in my community. They have also been very accommodating in working around my work schedule, allowing me to drop my children off early and helping me find baby-sitters."

"Someone is always available to talk to me and help me. It is wonderful and I cannot say enough about how much SON Ministries has helped me and my family."

*The faces of children being nourished by friendship, food and love.*

## Please pray for

- *The people whom SON Ministries helps and that they will get connected to resources that will give them hope amidst poverty.*
- *The community of Hilliard to reach out to help and serve its neighbors in poverty.*
- *God's continued blessings for SON Ministries, its workers, partners and volunteers in mission.*
