Jesus' Grace and Peter's Leadership (1 Peter 1:3-21)

QUESTIONS FOR SMALL GROUP DISCUSSION AND PERSONAL REFLECTION:

1. What's the best appetizer you've ever had?
2. We're in a season of reconnecting after Covid. Why is it important to go beyond superficial relationships and experience actual community within the church? There are many great answers, so see how many you can come up or explore the depth of a few.
3. Peter describes the church as a foretaste of things to come and a priesthood of believers. What are the implications for how we live with one another in the church? What do we hope to communicate to those outside the church as we interact with them in the neighborhood, at school, work, etc?
